

Fact File

Client : Folgate Partnership
Event : 'A Day Behind the Wheel'
Location : Bristol
Attendees : 20

On arrival at a beautiful 300 acre estate, guests were welcomed with hot bacon rolls, before being briefed by qualified instructors on the activities that lay ahead. During the day all guests had the opportunity to experience and test their skills on the following activities:

Mini Racing

Guests enjoyed the thrill of real rally racing in these specially prepared minis with roll cages and racing seats. After a practice run, it was off against the clock to gain the fastest lap of the day.

Honda Pilots

Speeding around the dirt track in these American style dune buggies, guests endeavoured to gain the fastest lap of the day.

4x4 Off Road Driving

This was a chance for guests to test their skills on a demanding course over a variety of off road terrain. This wasn't a drive through the park but a real chance for them to experience the might of a 4x4.

APC Troop Carrier

The FV432 Armoured Personnel Carrier, designed to carry troops into battle over the most challenging terrain. Weighing 15 tons and powered by an 8 litre Rolls Royce engine, guests manoeuvred this incredible vehicle around the off road course where they encountered a number of serious dips and ditches.

The group was divided into 2 groups which rotated around the activities approx every 60 minutes and completed two activities in the morning and two activities in the afternoon.

A hot fork buffet was served to guests in the Old Barn restaurant, which gave them the opportunity to compare their driving stories from the morning session.

At the end of the afternoon, guests met for the awards presentation for the best team and of course the dreaded Wooden Spoon!
